## Experience

### EVISION TECHNOSERVE PVT. LTD.

Apr 2024 - Jun 2024

#### Grocery Inventory App | React Native, Expo, Redux.

- Engineered a cross-platform **React Native mobile application** for real-time grocery stock management, optimizing inventory tracking and reducing manual entry errors by 40%.
- Developed **modular and reusable UI components** using React Native CLI and Expo, achieving faster load times and improving scalability for future app enhancements.
- Integrated **state management using Redux** and **real-time synchronization**, enabling smooth multi-device data consistency and seamless user navigation.
- Implemented **RESTful APIs** for CRUD operations and enhanced app responsiveness through optimized asynchronous calls and efficient data caching strategies.

## Projects

### JobSpot | MERN Stack, Redux Toolkit, Tailwind CSS, Cloudinary, JWT, Google OAuth

Jul 2025 - Aug 2025

- Engineered a real-time **job search and recruitment platform** enabling users to post, browse, and apply for jobs seamlessly, with integrated resume upload and employer dashboards.
- Implemented **secure authentication using JWT and Google OAuth**, optimized media handling via **Cloudinary**, and utilized **Redux Toolkit** for robust state management and scalable performance.
- Developed and deployed the full-stack application using **Render**, integrating **Socket.IO** for real-time updates and ensuring a smooth, responsive user experience across all devices.
